VOLUME IV

BISBEE, ARIZONA, TUESDAY EVENING, JUNE 5, 1900

NO. 125

LONDON IS GOING WILD.

The Awaited Dispatch That Finally Came.

THE BRITISH IN PRETORIA.

London Abandons Her Lethargy—The Empire Will Remember The Valiant Soldier.

LONDON, June 5.—The long awaited dispatch from Roberts, dated Pretoria, has come at last. The Transvaal capital was entered by the British early this morning. This afternoon the field marshal will take formal possession of the town and the British flag will be hoisted over the government buildings. Apparently, the actual entry to the capital was without opposition, the Boers making their last fight in defense of the town yesterday. The following is Roberts' dispatch announcing his successful entrance into Pretoria:

"PRETORIA, June 5, 11:40 a. m.—We are now in possession of Pretoria. Official entry will be made at two o'clock this afternoon. (Signed) Roberts."

Upon receipt of this long hoped for intelligence, London threw off the lethargy which has prevailed since Lord Roslyn's dispatch proved immature.

The town is now going wild. Within ten minutes after the news had been received, traffic in and around the Mansion house was completely stopped. A tremendous poster has been placed outside the church building which reads: "The British Flag Flies at Pretoria." Upon catching sight of it the people threw up their hats and cheered, and the cheering was carried along the streets in all directions, until almost in a moment all London was celebrating. Such scenes of wild hilarity were never before witnessed in England's staid old capital. A half holiday has been declared in the public schools and business has virtually been suspended. Telegrams have already been received from several of the provinces telling of exuberance exceeding that shown over the relief of Mafeking. Unusual enthusiasm was shown by the evening papers, many of which had the editions on the street three minutes after Roberts' dispatch was posted at the war office.

The lord mayor has cabled the congratulations of London to Lord Roberts, his message concluding: "The empire will never forget what you and the forces you command have accomplished."

STEPHEN CRANE DEAD.

Famous Novelist and War Correspondent Dies in Germany.

LONDON, June 5.—Stephen Crane, the well-known American writer, died this morning. Crane had been ill for a long time. Recently he moved to the Black Forest, in Germany, but the change did not benefit him. Dispatches received late last night brought the news that he was dying, so the announcement of his death was not unexpected.

Stephen Crane was born in Newark, N. J., November 1, 1871. He entered journalism when he was 16 and for several years acted as sporting editor and wrote editorial sketches. Since 1896 he devoted his time chiefly to story writing. During the Greek-Turkish war and the Spanish-American war Crane acted as war correspondent for American newspapers. His best novel and which gained him fame was "The Red Badge of Courage."

WOMEN'S CLUBS.

They Have a Talk and Draw the Color Line.

MILWAUKEE, Wis., June 5.—The fifth biennial convention of the General Federation of Women's Clubs began this morning at the Alhambra theater, which was crowded with delegates and spectators. Mayor Ross made the welcoming speech and Mrs. Lowe, president of the Federation, delivered her annual address. Caucuses are busily discussing the color line.

Substitutes for Strikers.

PHILADELPHIA, June 5.—A special train will leave here tomorrow morning taking about two hundred and fifty experienced motormen and conductors to fill the places of the strikers in St. Louis.

HANGED A LUNATIC.

The Body Embalmed and on Exhibition.

WILLIAMS PORT, Pa., June 5.—Will Hummel was hanged here this morning. He had a wonderful nerve and walked unassisted to the gallows. He will be embalmed and placed on exhibition this afternoon and evening at the Wyoming opera house. The crime for which Hummel forfeited his life was a most revolting one. He deliberately killed a bride of a week and then slew three little children. The murder and subsequent actions of the murderer attracted widespread attention. The man in turn posed as a spiritualist, an innocent man and a lunatic.

ADMIRAL DEWEY.

The Hero of Manila Goes Out to Show Himself.

WASHINGTON, June 5.—Admiral and Mrs. Dewey will start on their Ohio and Michigan trip over the Baltimore and Ohio railroad at nine o'clock this evening. The party consists of Admiral and Mrs. Dewey, Lieut. H. H. Caldwell and J. H. Maddy, of the Baltimore and Ohio railroad. Columbus, Ohio, will be reached June 6, and Detroit the next day. On June 11, the admiral will leave for Grand Rapids where he will remain over night. On June 12, the admiral will leave Grand Rapids on his return to Washington.

THE BOXERS.

Unlike Ours, They Do It and Let Others Talk.

LONDON, June 5.—A dispatch to the Central News from Shanghai says that the missionaries at Pao Ting Fu are safe. An attack by the Boxers on Tien Tsin was threatened last night and every precaution is being taken for the safety of the foreigners.

MINING NOTES.

John Hays Hammond, the South African mining millionaire, encouraged to do so by Senator Jones of Nevada, may possibly become interested in Yuma county's development. His representatives, Messrs. Webb and Moore of California, recently conducted a cursory examination of the Del Monte group of mines near Harrisburg, and it is said were quite well pleased. These properties consist of huge bodies of low grade ores, entirely free milling. Mr. Hammond, it is claimed, is looking for nothing better than an average \$4 ore, and it is upon this basis that the Del Monte group will be tested. These claims were sold two years ago by William Boes, of Harrisburg, to S. W. Dorsey, for a small consideration, but it is understood that the latter thinks well enough of them to hold them very high.

The Homestake mill near Pyramid, on the Colorado river, will start up Monday next. The main shaft on the mine stands at a depth of 369 feet. All the drifts and stopes show wonderful ore bodies. The chutes in the mine are filled with ore and several thousand tons are broken and ready to hoist to the surface. Every bin at the mill is overflowing with ore and everything possible has been done to insure a successful mill run. About the mine and mill everything is automatically handled. The ore is loaded from the chutes by an automatic contrivance and from that point the automatic arrangements are perfect. The mill is fitted with a long string of plates from which the pulp passes over the latest improved Frue vanners. Practically no values are left in the tailings by the process. The mill is one of the most complete in this part of the world and will handle 90 tons of ore daily. About a mile from the Homestake, on the Arizona side of the river, is the Sheeptrail mill. This mill, while not as perfect as the Homestake, is doing excellent work, and is crushing 30 tons of ore daily, which will be increased to 60 tons as soon as more teams can be put on. The ore now being crushed in this mill is of excellent grade. General manager Ewing, of the two properties, has been looking them over the past week and is satisfied with the present excellent condition.—Kingman Miner.

The Phoenix Gazette makes the statement that Warner Miller is at the head of a New York syndicate which has purchased the Congress mine for \$3,000,000. The money was paid through the Chase National bank in New York. Mr. Gage, who is one of the owners of the above property, denies that any transfer of the property has been made, and he is certainly in a position to know. The company is just now preparing to double the capacity of their cyanide plant and to add fifty more stamps to their mill, making ninety in all. They have also purchased a number of air compressors for use in sinking their shafts to a depth of 3000 feet or more.

STRIKERS ARE STRIKING

A Big Sheriff's Posse Loaded With Lead.

THE MILITARY REGULATIONS.

Women Call Upon the Governor Seeking Protection for Their Sex.

ST. LOUIS, June 5.—The strike of the street car men shows no signs of diminishing. The sheriff's big posse of 1200 men is now actively in service and on guard at the various power houses of the transit company. Thirty rounds of buckshot are carried by each man and military regulations are in force. The police have made about sixty arrests on minor charges growing out of the strike in the past twenty-nine hours. A monster petition to Governor Stephens is being signed by women all over the city protesting against the attacks on their sex and calling upon the governor to use every means in his power to stop them.

Missouri Democratic Convention.

KANSAS CITY, June 5.—The Missouri democratic state convention was called to order at noon today by Sam B. Cook, chairman of the state central committee. Prayer was offered by Rev. Robert Talbot, after which Hon. W. S. Cowherd, of this district, was introduced as temporary chairman. Cowherd seconded the opening note of his own campaign for re-election and the coming struggle in the state.

The platform will reaffirm the Chicago platform of 1896 and will oppose trusts and imperialism. It will insist on a strict observance of the constitution and express sympathy for the Boers. Justice will also be demanded for the Porto Ricans.

New York Democratic Convention.

NEW YORK, June 5.—The democratic state convention met here at noon today. Norton, of Troy, was elected chairman. He made a speech in which he said that the people want a courageous man for president, such as William J. Bryan. Tremendous applause greeted Bryan's name.

It is expected that ex-Governor Hill will win a victory in preventing a re-affirmation of the Chicago platform in regard to silver, but a strongly instructed delegation will be sent to Kansas City for Bryan.

Local Notes.

A. F. Anderson, an old and well-known miner of the Queen company, has ceased to polish the drill and has accepted a position with Chris Finlayson at the Senate saloon. Chris is always giving the best and employs the best.

J. J. Crowman, a prominent citizen of Naco, was in Bisbee today, purchasing household furniture and general paraphernalia for the purpose of establishing the only up-to-date cottage in this line city. It is said to be a model structure.

It was a red hot time at the Free Coinage last night. Four games were in full blast and the ceiling was the limit. There were sports from every section of Southern Arizona and Sonora. The lion was loosed and many took a prod at him with varying success.

Louis Frank, for some time in the employ of the Greene Consolidated Mining Company of Sonora, is spending a few days in Bisbee. Mr. Frank states that the smelter is running without a hitch and turning out a large amount of matte. He bears out the general opinion of the many who have visited the Cananea, that the mines there and in that vicinity are the most promising in the world.

Report is that the Copper Queen smelter, near Jerome, made a successful run of sixteen hours and cleaned up three and one-half tons of bullion.—Courier.

The Gazette announces that the mine at Congress has been sold to Senator Warner Miller of New York for \$3,000,000. E. B. Gage and Frank Murphy get more than a million apiece.

WITH BOWED HEAD

The Review Bends in Submission to The Mighty.

It is with pain that the REVIEW is forced upon to chronicle the death, yesterday afternoon, of Mrs. Katherine C. Chisholm, wife of Judge J. C. Chisholm. The reaper came almost without warning. Mrs. Chisholm was in perfect health and when summoned thence her dearest knew not that the time had arrived.

Mrs. Chisholm was a pioneer of Bisbee, having come to this camp nineteen years ago with her husband, Judge J. C. Chisholm, Joseph and Raymond, the two children.

Grief-stricken by the loss of the mother to our friend we are unable to say much. When the idol of a mother's heart is called from the columns of a paper to pay the last sad rites to a departed parent, his friends in charge of his business feel as only the friend is called upon to suffer the irreparable loss that Judge J. C. Chisholm and his sons, Joseph and Raymond, must have. But the community that has known them so long will join together with the Bisbee public in offering sincere condolence.

The funeral was held from the family residence this afternoon at 4 o'clock. A large concourse of old time friends accompanied the remains to their last resting place.

PRETORIA FALLEN.

But the Boers Say They Will Continue to Fight.

CHICAGO, June 5.—When informed of the fall of Pretoria, Dr. Fischer, of the Boer envoys, said: "Pretoria gone? Well, what of it? We expected nothing more than this—we are not disappointed. Our people will still fight, and we will win, too."

British Occupy Pretoria.

LONDON, June 5.—Bulletin—It is officially announced that the British have occupied Pretoria.

Sam Androvich, recently from Globe, is the late arrival at the Capital saloon, and Noble and Twomey are profiting by his gentlemanly qualities and superior knowledge of knowing how to do the proper thing.

ODDS AND ENDS.

WANTED TO RENT—Furnished house of three or four rooms. No children. Apply at this office.

LOST—In the Library today, a ladies' purse. Reward for return of purse and money to Review office.

Paul the tailor has just received a full line of the latest patterns in woolen trousers. At his shop you select your clothing from the cloth, not from samples.

Prof. A. R. Cassells, the barber who conducts the neat little two-chair barber shop adjoining the Walters shoe store, on Brewery Gulch avenue, has the neatest, cleanest and most up-to-date place in Bisbee to drop into and get a first-class shave, shampoo or hair-cut. Your patronage is solicited. Give him a call and you will be treated with neatness and dispatch.

Say, Boys!

Where are you going? To Palace Saloon where we can get a good drink and a cigar worth smoking. Come and try the Solid Silver cigars. They are out of sight.

Why don't you get your old harness repaired or buy a new one? There is a harness maker in town. See ad in another column.

FOUND—Between Bisbee and Naco, a pocketbook. Owner can have same by calling at this office.

I especially invite ladies to call on me who have troubles with their eyes, have headache or nervous troubles. It will cost you nothing to talk about your eyes and it may be of benefit to you.

DR. IDA A. BEHRENDT.

Norton House.

THE REVIEW

Wants Correspondents in every Mining Camp, Mine and Ranch in the county. Address this office for particulars.

Bisbee, Naco and Cananea Stage Line.

Leaves Bisbee Mondays, Wednesdays and Fridays at 7 a. m. Arrives Tuesdays, Thursdays and Saturdays.

Bisbee Headquarters at Greene Consolidated Copper Company's Office, Rooms 11 and 12 Angus Hotel.

Cananea Headquarters, Greene Consolidated Copper Company's Office.

OREGON IS REPUBLICAN.

Congressmen and Supreme Judge-Elected.

LEGISLATURE IS REPUBLICAN.

The Woman Suffrage Movement Was Snowed Under Unmercifully.

PORTLAND, Ore., June 5.—The most complete returns today indicate that the republicans have carried the state by 10,000. They have elected Wolverton for supreme judge and elected both congressmen. Tongue and Moody. The legislature is also republican. It will elect a successor to United States Senator McBride. The woman's suffrage movement was overwhelmingly defeated.

Notice.

All persons knowing themselves to be indebted to me, are hereby required to call at the office of S. K. Williams and settle the same at once. Otherwise proceedings by law will be commenced against them on the 13th day of June, A. D. 1900.

PRESTON FLETCHER.

Dated this 10th day of May, 1900.

The largest American flag ever manufactured will float from the top of the Eiffel tower in Paris on the Fourth of July. Its broad stripes and white stars measure fifty by twenty-six feet.—Republican.

THE NEW

Automatic Colt Pistol

We are the First in the whole Southwest to show this pistol, and we should be only too glad to have you inspect and examine this new wonder in the firearms world.

Briefly described, it is a pistol with a magazine attachment holding seven shots, which are capable of being fired off in rapid succession—all automatically. The action of this pistol is automatic, except that the trigger is pulled for firing each shot. The arm can be discharged at the rate of five shots per second, the cartridges being automatically supplied from an attachable magazine inserted in the handle of the pistol.

After the pistol is charged with a filled magazine one opening movement is made by hand, bringing the first cartridge into the chamber. On pulling the trigger the cartridge is fired, the empty shell is extracted, a new cartridge is loaded into the chamber, all these operations taking place automatically without any manipulation of the arm. This automatic operation of the pistol is effected by the recoil of the moving parts, and as a consequence the recoil is so absorbed in being utilized that it has not the usual disturbing effect.

The length of the barrel is 6 inches, length of pistol over all 9 inches, weight of pistol 35 ounces. It is made only in the 38 calibre, with a 6-inch barrel, blued finish, and shoots a rimless, smokeless, metal-patched bullet.
